

Designer Giuseppe Bavuso, year 2014

The bar creates an inviting atmosphere for a cocktail. A cult object designed with extreme attention to detail. Its interior is studied down to the tiniest detail with glass holders and bottle racks. The diffuse lighting decorates the inside compartment with a great effect. The refinement is projected inside the bar where the authentic wood grain, the timeless elegance of hide and the intrinsic brightness of the mirrors make the well-equipped space elegant.

Tratto Bar
