

Designer Giuseppe Bavuso, year 2017

Radar XL is a sculptural table that truly stands out. The steel base accentuates its dramatic presence, the top at the centre highlights its originality. The laser-cut painted steel arches, featuring an elongated design, are the absolute distinguishing features of this piece of furniture, which stands out for its harmonious proportions and is ideal for a wide array of different interior décor styles.

Radar XL

Basement in white, black, champagne, bronze or peltrox painted cast iron. Laser-cut steel leg, chrome-plated or painted. Top in marble, in painted oak or in lacquered MDF.
