

Designer angelettiruzza

DURANTE sofa represents an evolution in the concept of comfort and functionality within contemporary living spaces. Its distinctive feature is the swivel end element, which adds a level of versatility and practicality to the sofa's already flexible modular design. The rotating end element allows users to adjust the orientation of the seat according to their needs and preferences. This functionality offers the possibility of creating different configurations of the sofa, adapting it to the various activities being performed in the living space, such as watching TV, socialising or simply relaxing. Furthermore, the DURANTE sectional sofa with swivel end element maintains the essence of comfort and quality, with its generous real down padding and high-quality materials that guarantee a welcoming and comfortable seating experience. Thanks to its combination of modular design, exceptional comfort and swivel end element, this sofa stands out as the centrepiece of the collection, offering users an innovative and customisable furniture experience to meet their daily living and relaxation needs.

Durante Reel

Durante

Wooden base upholstered with non-deformable polyurethane foam and polyester fiber lining. Backs and armrests in steel upholstered with polyurethane foam. Seat cushions in polyurethane foam of different densities and quilt in sterilized feathers. Back cushions in polyurethane foam covered with a lining filled with

sterilized feathers. Fabric cover. Non-slip feet.

Technical sheet

Single element design

Three - giffon. Due to the design of the giffon, the backrest is not a single piece, but a series of three pieces, which are joined together by a central piece, creating a continuous and flexible structure.

Due to the design of the giffon, the backrest is not a single piece, but a series of three pieces, which are joined together by a central piece, creating a continuous and flexible structure.
