

JOEL Armchair

Designer: Marco Acerbis

Year: 2025

**DESCRIPTION:**

The Joel armchair shares the same aesthetic and design language as the sofa, maintaining the embrace of the generous shapes that characterize it. Its lines, equally soft, meet the solidity of the structure, creating a proportion between comfort and stability. The contrast between leather and fabric underlines the harmony between soft volumes and rigid surfaces, reinforcing a common stylistic identity.

JOEL Armchair

Designer: Marco Acerbis

Year: 2025
