

SILHOUETTE Armchair

Designer: Gensler

Year: 2022

DESCRIPTION:

In a space that can be considered a business card reserved for guests who need to feel at ease, a solution of continuity is represented by the Silhouette Lounge chair. The Lounge chair, together with the sofa, tells the details and aspects of an aesthetic that has grasped the need for a change to also satisfy the demands of a contemporary taste but always an expression of authentic Made in Italy. An upside-down "U" suggests a feeling of lightness, emphasized by the soft and enveloping lines of the fabric or leather cushions.

The company reserves the right to make changes to the models without notice. The information given here is based on the latest data published on the price list.
