

Designer Giuseppe Bavuso, year 2006

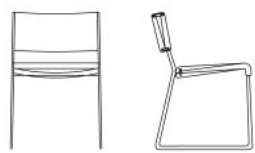

Fluid and dynamic seats created after a careful study of shapes and materials. The seat is embellished with a sophisticated rope weave and the sinuous structure is in polished or painted cast aluminium.

Wing

Cast aluminium frame, polished or painted. Seat and back in two models:

- cold shaped polyurethane foam, covered in leather (art.SW1)
- woven cord in either natural, white or black colour (art.SW2).
