

Designer Giuseppe Bavuso, year 2005

Frame is a collection of furnishing items that combines design and technology resulting in a dramatic yet simple effect. Each single item is distinctive with its own clearly defined and original form. Details are carefully crafted using a combination of wood, glass and aluminium. Frame represents today's modern style with its clean lines and adaptability. With added emphasis on the needs of modern daily living, this practical modular system is perfect for the demands of today's ever changing lifestyle.
